PROFILE

I am a Full-Stack Developer with 10+ years of experience building scalable, secure, and high-performance web applications. Throughout my career, I have worked on a diverse range of projects, from small business websites and SaaS applications to enterprise-level platforms, specializing in Laravel, PHP, API development, and web security.

SKILLS

- **Backend Development:** Laravel, PHP, MySQL, PostgreSQL
- **API Development:** RESTful APIs, OAuth, JWT Authentication
- **Security & Performance:** Web Security (OWASP), SQL Optimization, Caching (Redis, Memcached)
- **Frontend & Frameworks:** JavaScript, Vue.js

EXPERIENCE

SENIOR LARAVEL DEVELOPER

Curotec

Nov 2021 - Present

- Develop and maintain full-stack applications using Laravel for backend and Vue.js for frontend, ensuring scalable and maintainable solutions.
- Optimized APIs and database queries, reducing response times by 3x for large-scale datasets, significantly enhancing system performance and user experience.
- Improved code quality in a legacy project by refactoring outdated code using modern best practices, enhancing maintainability and reducing technical debt.

EDUCATION

COMPUTER ENGINEERING

Federal University of Espirito Santo
2011 - 2016

COMPUTER ENGINEERING

FAESA
2016 - 2017

SENIOR FULLSTACK DEVELOPER

Mindtec

May 2021 - Jan 2022

- Designed, developed, and maintained backend systems using Laravel, ensuring high-performance and secure applications.
- Developed cross-platform mobile applications with Flutter, delivering seamless and responsive user experiences across Android and iOS.
- Led web development projects, collaborating directly with clients to gather requirements, define project scope, and deliver tailored features that aligned with business goals.

TECH LEAD

Dimona

Jun 2020 - Feb 2021

- Developed and maintained full-stack applications using Laravel and Vue.js, delivering scalable, user-friendly web solutions.
- Built and deployed cross-platform mobile applications using Ionic, ensuring seamless functionality and consistent design across Android and iOS.
- Managed development teams and projects, ensuring timely delivery of features, clear communication, and alignment with client objectives.

FOUNDER & CTO

puzzle.lab

2016 - 2020

- Team Management & Leadership – Built and managed a high-performing development team, defining workflows, setting technical roadmaps, and ensuring high-quality code standards.
- Customer Relationship & Client Success – Acted as the main point of contact for clients, ensuring smooth communication, expectation management, and long-term relationships with agencies and businesses.
- Recruitment & Training – Hired and trained junior and mid-level developers, creating structured onboarding processes and continuous mentorship programs.
- Project & Product Management – Led agile project execution for multiple web applications, overseeing timelines, scope, and team productivity while ensuring high-quality deliverables.
- Technical Architecture & Development – Designed and implemented scalable and secure Laravel-based applications, optimizing performance and ensuring best coding practices.

PHP DEVELOPER

Adapti

2013 - 2016

- PHP & Laravel Development – Built and maintained high-performance PHP applications, implementing best practices for clean and maintainable code.
- Database Management & Optimization – Designed and optimized MySQL databases, improving query efficiency and ensuring scalable data structures.
- API Development & Integration – Developed RESTful APIs, integrating third-party services and ensuring secure data exchange between systems.
- Security Best Practices – Implemented data sanitization, authentication mechanisms (JWT, OAuth), and protection against SQL injection & XSS attacks.
